

## Design Element Inventory -- Condensed

### 1. LINEAR DESIGNS

- |                           |                                 |                         |                       |
|---------------------------|---------------------------------|-------------------------|-----------------------|
| a) single straight line   | i) angled line / chevron        | q) wavy line            | y) U shape            |
| b) parallel straight line | j) parallel angled lines        | r) grouped wavy lines   | z) hooked line        |
| c) cross or X             | k) single zigzag                | s) curvilinear meander  | z) asterisk form      |
| d) one-pole ladder        | l) parallel zigzag group        | t) spiral or scroll     | z) trident            |
| e) rake                   | m) rectilinear meander          | u) rake with wavy lines | z) lines from a point |
| f) two-pole ladder        | n) rectilinear scroll           | v) ice tongs            |                       |
| g) forked line            | o) curved line / arc            | w) unident open linear  |                       |
| h) branched line          | p) parallel curved lines / arcs | x) T shape              | 1z _____              |

### 2. DOT PATTERNS

- |                           |                   |                      |          |
|---------------------------|-------------------|----------------------|----------|
| a) single or forked line  | c) clustered dots | e) life form in dots |          |
| b) grouped parallel lines | d) geometric form |                      | 2z _____ |

### 3. GEOMETRIC FORMS

- |                          |                            |                                 |                         |
|--------------------------|----------------------------|---------------------------------|-------------------------|
| a) CIRCLE / oval         | h) concentric circles      | o) grouped / joined rectangles  | v) terraced pyramid     |
| b) disk                  | i) barred circle / oval    | p) DIAMOND                      | x) elaborated circle    |
| c) nucleated circle      | j) gridded circle / oval   | q) grouped / joined diamonds    | y) elaborated rectangle |
| d) bisected circle       | k) grouped / joined circle | r) simple TRIANGLE              | aa) outlined cross      |
| e) tailed circle         | l) RECTANGLE / square      | s) hourglass                    | bb) dumbbell            |
| f) spoked circle         | m) concentric rectangles   | t) joined triangles / saw-tooth | cc) vulva form          |
| g) rayed circle/sunburst | n) gridded rectangle       | u) stepped triangle             | z) crosshatched lines   |

3z \_\_\_\_\_

### 4. HUMAN FIGURES

- |                           |                              |                  |                        |
|---------------------------|------------------------------|------------------|------------------------|
| a) stick human figure     | e) ceremonial / deity figure | i) human limb    | m) spear bearer        |
| b) lizard man             | f) face or mask              | j) flute player  | n) horned human figure |
| c) outlined human figure  | g) corner mask               | k) hunter        | o) possible shalako    |
| d) in filled human figure | h) partial human figure      | l) shield bearer | 4z _____               |

### 5. ANIMAL FIGURES

- |                   |                      |                      |                        |
|-------------------|----------------------|----------------------|------------------------|
| a) unident MAMMAL | i) thunder bird      | q) snake             | y) fish                |
| b) bighorn sheep  | j) raptor / parrot   | r) rattlesnake       | aa) unident INSECT     |
| c) deer / elk     | k) turkey            | s) turtle / tortoise | bb) dragonfly          |
| d) mountain lion  | l) crane / shorebird | t) frog / toad       | cc) butterfly / moth   |
| e) canine         | m) duck              | u) tadpole           | dd) caterpillar / worm |
| f) pronghorn      | n) swallow           | v) not used          | ee) centipede          |
| g) bison          | o) unident REPTILE   | w) not used          | ff) scorpion           |
| h) unident BIRD   | p) lizard            | x) joined birds      | 5z _____               |

### 6. PRINTS AND TRACKS

- |                     |                         |                     |                  |
|---------------------|-------------------------|---------------------|------------------|
| a) human hand print | d) bird track           | g) deer / elk track | j) badger track  |
| b) human foot print | e) unident mammal track | h) feline track     | k) raccoon track |
| c) sandal track     | f) bear track           | i) canine track     | l) rabbit track  |

6z \_\_\_\_\_

### 7. PLANT FORMS

- |                       |                |                  |          |
|-----------------------|----------------|------------------|----------|
| a) unident plant form | c) yucca plant | e) seed pod      |          |
| b) corn plant         | d) flower form | f) treelike form | 7z _____ |

7z \_\_\_\_\_

### 8. ARTIFACT FORMS

- |              |                     |                              |                  |
|--------------|---------------------|------------------------------|------------------|
| a) arrow     | d) shield           | g) spear                     | j) burden basket |
| b) bow       | e) projectile point | h) atlatl                    |                  |
| c) club / ax | f) throwing stick   | i) textile or pottery design | 8z _____         |

### 9. CELESTIAL BODIES AND WEATHER PHENOMENA

- |                        |                            |                  |          |
|------------------------|----------------------------|------------------|----------|
| a) star                | c) sun / moon (large disk) | e) rainbow       |          |
| b) crescent moon shape | d) lightning               | f) cloud terrace | 9z _____ |

### 10. MYTHOLOGICAL BEINGS

- |                       |                                       |                                   |           |
|-----------------------|---------------------------------------|-----------------------------------|-----------|
| a) star being         | d) composite human/animal figure      | x) cloud terrace being            |           |
| b) one-horned serpent | e) composite animal                   | y) composite serpent / star being |           |
| c) two-horned serpent | f) big-eyed trapezoidal anthropomorph |                                   | 10z _____ |

### 11. MULTIPLE-ELEMENT COMPOSITIONS

- |                                  |   |  |           |
|----------------------------------|---|--|-----------|
| a) complex panel with life forms | c) complex geometric (not textile or pottery) | e) complex continuous-line with life forms             |           |
| b) complex linear abstract       | d) complex continuous-line geometric          | f) carefully executed, complex - but unreadable design | 11z _____ |

### 12. MISCELLANEOUS DESIGN ELEMENTS (ASSUMED PREHISTORIC)

- |                   |                              |                              |                         |
|-------------------|------------------------------|------------------------------|-------------------------|
| a) unident form   | d) possible mammal           | g) misc. pecking             | x) possible face / mask |
| b) possible human | e) possible reptile          | h) scratched / incised lines | y) possible track       |
| c) possible bird  | f) prehistoric modifications | j) misc. scrapes / abrasions | 12z _____               |

### 13. HISTORIC (ca 1550 – 1950) SYMBOLS, FIGURES, AND INSCRIPTIONS

- |                             |                                       |                                      |                                   |
|-----------------------------|---------------------------------------|--------------------------------------|-----------------------------------|
| a) initials / names / dates | e) horse                              | i) vehicle / train                   | m) Navajo ceremonial/deity figure |
| b) message                  | f) human figure with historic context | j) Christian cross                   | n) Apache ceremonial/deity figure |
| c) unident drawing (D)      | g) equestrian figure                  | k) complex panel with life forms (D) | o) misc. pecking (D)              |
| d) cattle brand             | h) weapon                             | l) Pueblo ceremonial/deity figure    | 13z _____                         |

### 14. RECENT GRAFFITI AND HUMAN-CAUSED DAMAGE NOT DIRECTLY IMPACTING ROCK ART

- |                                  |                        |                            |                       |
|----------------------------------|------------------------|----------------------------|-----------------------|
| a) initials / names / dates      | e) misc. gouges (D)    | i) paint splatters         | m) livestock tramping |
| b) message                       | f) misc. abrasions (D) | j) construction activities | n) livestock rubbing  |
| c) drawing (D)                   | g) bullet scar(s)      | k) drill holes             | o) misc. damage (D)   |
| d) scratched / incised lines (D) | h) spray painting      | l) campfire remains / soot | 14z _____             |

### 15. ASSOCIATED ARCHAEOLOGICAL FEATURES

- |                        |                   |                 |                      |
|------------------------|-------------------|-----------------|----------------------|
| a) cupule              | c) grinding slick | e) rock wall    | g) sherds (describe) |
| b) worked natural hole | d) bedrock mortar | f) worked stone | 15z _____            |

### D. Defacement of Rock Art Design Elements or Panels

- |                              |                                  |                            |                             |
|------------------------------|----------------------------------|----------------------------|-----------------------------|
| 1) scratched / incised lines | 4) spray paint                   | 7) attempted removal       | 10) campfire /soot damage   |
| 2) pecking / gouging         | 5) brushed / splattered paint    | 8) complete removal        | 11) chalking or painting    |
| 3) bullet scar(s)            | 6) alteration of design elements | 9) abrasion / obliteration | 12) latex / rubbing residue |
- Dz \_\_\_\_\_

### N. Natural Deterioration Affecting Rock Art Panel

- |                         |                                  |                               |                |
|-------------------------|----------------------------------|-------------------------------|----------------|
| 1) recent spalling      | 5) rock splitting / displacement | 9) wind erosion               | 13) rock slide |
| 2) repatinated spalling | 6) lichen encroachment           | 10) mineral deposits          |                |
| 3) natural scrapes      | 7) plant abrasion                | 11) bird / insect / rat nests |                |
| 4) rock cracks          | 8) water erosion                 | 12) forest / brush fire       | Nz _____       |

### S. Special Features

- |                             |  |                                  |                       |
|-----------------------------|--|----------------------------------|-----------------------|
| 1) rock incorporation       | 3) prehistoric superimposition on another design element | 5) prehistoric reworking         | 7) outstanding panel  |
| 2) enhancement of rock edge | 4) historic superimposition on another design element    | 6) historic reworking / addition | 8) good photo / slide |
